#### **Additional Allocation for Newly Created FPS**

#### **Requirement:**

Large numbers of vacancies are being approved, created & being made functional at present. There are basically two types of vacancies:

- Resultant Vacancies (*Includes Compassionate Ground Cases-Does not involve creation of new code and transfer of Ration Cards*). Hence there is no issue in allocation as it is already being issued against the particular FPS code.
- Fresh vacancies (*where one new FPS is created from another FPS and cards are shifted from one FPS code to the new FPS code*). These FPSs get allocation after the cards are transferred. However, as we release allocations in advance, the new FPS has to wait for **2-3 months** to get its first allocation and become fully functional.

To make the new FPS functional within one month, an Additional allocation module has been developed.

- In this module, whenever a new FPS is created and license is issued, the SCF&S/RO will **generate online**, additional allocation for the month(s) for which normal monthly allocation has already been issued by the department.
- SCF&S/RO can generate allocation for the immediate next month(s) through this module from 1st to 27th day of the month. However, it should be ensured that DRC transfer has been completed by SCFS/RO for offline cases.
- For online cases the transfer would be automatic.
- Step by step description of the module is given below: -

#### **SCF&S / RO Login:**

SCF&S / RO Logs into Supply Chain Portal, goes to Administration  $\implies$  Additional Allocation  $\implies$  "Additional Allocation for New FPS". New FPS codes created in last 3 months will be displayed.

If he/she click on "Yes", the allocation data for eligible month(s) will be created successfully. Along with this additional advice list will also be created. SCF&S / RO if wants can go to "Additional Advice List page" by clicking on the link, for download(s).

Thereafter, the SCF&S/RO will instruct distributor for doorstep delivery of the allocated quantity to the FPS from CB/Advance lifting. Distributor will accordingly make doorstep to the dealer as per instruction and as per the Additional Advice list. The Distributor shall get this quantity reimbursed in the next allocation.
